

## Display flessibile e conveniente

*Flexible and practical display*

Il sistema con cremagliera passo 50, presenta innumerevoli vantaggi legati soprattutto alla flessibilità nei cambi del display merceologico e ovviamente alla grande affidabilità in termini di sicurezza.

*The pitch 50 system presents countless advantages, especially in terms of flexibility when changing product display, as well as great reliability in terms of safety.*

I pannelli di rivestimento posteriori sono sganciabili in maniera indipendente a qualunque altezza delle scaffalature, velocizzando la sostituzione del display e ottimizzando i costi del rivestimento posteriore

*The back panels can be removed independently at any height, speeding up display changeover and thus optimising the costs of the back panels*

La struttura F50 offre innumerevoli possibilità di configurazione "integrata" che permette l'esposizione per la vendita sulla gondola e la scorta nei livelli superiori sul rack

*The F50 structure offers countless "integrated" configuration possibilities, allowing items for sale to be displayed on gondolas and stocks to be placed on the upper levels on racks*

## Flessibilità in sicurezza

*Flexible but safe*
